TRAVEL STORY SYSTEM

A stronger travel set has roles, not repeats.

Use this as a compact shot list when a place feels interesting but your folder starts filling with similar frames.

01	**Hero**	The frame that introduces the place.
02	**Story**	The frame that explains what happens there.
03	**Detail**	The frame that makes it tactile.
04	**Pause**	The quiet frame that gives rhythm.
05	**Exit**	The image that closes the set.

Quick reminder

Do not collect repeats.

Final check

Give each image a role.
